### Cowley Happenings

Mr. and Mrs. Hansomer visited Pincher Creek during the week.

W. C. Robinson paid a business trip up The Pass on Wednesday.

Walter S. Knight has returned from a three months' holiday trip.

Mr. and Mrs. J. Keen left last week for the east on a two months' visit.

Mrs. Donald, of Calgary, is making a short stay in Cowley with the doctor.

BORN—On Sunday, August 1st, to Mr. and Mrs. Lawrence Cleland, a daughter.

A large number of ranchers visited Lundbreck on Monday to hear the cattle-testing cases.

Mr. and Mrs. Askew and family, from Adson, passed through on a fishing and camping trip.

Miss Lottie Morgan, of Coleman, has been visiting her cousin, Mr. and Mrs. J. Morgan, for a few days.

W. T. Edly (Wal) was a visitor here and Lundbreck on Monday, having come in from North Fork, where he has the position of chief park inspector.

W. S. Gray, of the well-known law firm of McLeod & Gray, McLeod, was in Lundbreck on Monday representing the stockmen, Messrs. Neilson & McMillan, in the cattle-stealing case brought by them against three ranchers.

The farmers are having the weather for hayting. There has been no rain, excepting a small shower, for the last two weeks, and the grain is taking on a fine golden

color. Cutting will be on in a week's time.

Lieut. W. Sharp took a hurried trip home one day last week to say a last farewell. He was expected to leave Monday, but was further detained. The boys are holding themselves in readiness to go any day this week when called. Troops 1 and 2 from Pincher Squadron are to go, and only the junior officers.

Children's parties seem to be all the craze in town these days. Mrs. Morrison gave a birthday party for little Isabelle last week. This week a similar party took place on Mrs. McKinnon's.

They are going through the last week of the holidays with a jolly good time, as school starts on Monday, when it will be hurrah for work and pleasure stopped.

Less than a year ago we heard one man say: "This will never do. We must have a new minister; this one does not go congregations when ever," and accordingly a new minister was secured. At first the church was crowded, and the minister got great praise. The sermons are equally as good now, but the attendance has fallen off. What is the reason? Let me tell you.

That same man who laid so many complaints had not been in church for perhaps six months before, and only once or twice since, and he will soon be thinking it time for another change. How can a man preach to people who won't attend church or won't encourage others to go. Just try filling the seats for a while and see if you will need to change ministers. Everyone needs encouragement.

## Municipal By-Elections August 30th

### Offices of Mayor, Two Councillors and Two School Trustees To Be Filled

The regular meeting of the Blairmore town council was held last night, Deputy-Mayor Beebe and Councillors Rosse, Dutil and Bartlett being present.

The minutes of last regular meeting were read and adopted.

A communication from the Rocky Mountain Cement Co. regarding the lighting system was read and referred to the light committee.

The Sun Life Assurance Co., of Montreal, drew attention of the council to interest coupons amounting to \$1307 due on August 4th.

The following accounts were passed:

Medical Health Officer \$62.50.  
James Graham \$2.00.  
P. Mancini \$8.00.  
E. Hinds 75 cents.  
Rocky Mountain Cement Co. \$8.00.  
J. Montalchetti \$1.00.

W. A. Beebe \$20.00, July rent, Alberta Government Telephone \$23.05.

Blairmore Enterprise \$81.25.

D. A. Sinclair \$6.35.

Blairmore Hardware Co. \$7.00.

Representation was made by the hotels requesting a reduction in the water rates.

Dutil-Rosse—That the hotel people be advised that the hotel water rates have been computed according to the cost of

the town, and as the water system is not now paying its way we do not see our way clear to make a general reduction at the present time. Carried.

On motion By-Law 44, to appoint a returning officer for the forthcoming municipal by-election, received its three readings and was finally passed. W. Joyce was appointed returning officer. Monday, August 29th was the date set for nominations, and Monday, August 30th for elections. There are three vacancies on the council to be filled, that of mayor and two councillors, as well as two vacancies on the school trustee board.

The resignation of L. W. Krebs as mayor was on motion accepted.

The secretary was instructed to write the superintendent in charge of this division of the R.N.W.M.P., requesting him that he have a paid police officer in the Town of Blairmore, and as the revenue for said town is quite small enough, he instruct his officers here to not interfere with police work inside the limits of the town, until called upon by our town police, and that should occasion require at any time we should be only too pleased to avail of their services.

No other business the meeting adjourned at 9.50.

### Blairmore Red Cross

NOTICE—The Tuesday evening meeting, which has been somewhat discontinued for the last two weeks, will be resumed on Tuesday next, and it is hoped with a good attendance.

The Harbison Concert Party, besides being a real treat to all who attended, netted the Red Cross Fund \$18.00 over and above all expenses.

This Friday and Saturday, the ladies of the local society are serving refreshments at the Sanatorium, and are requested to be on hand to help.

### Lundbreck Stockmen Unable to Prove Cattle-Stealing Charge

The three cattle stealing cases at Lundbreck all resulted in acquittals. Mr. Justice Bidwell tried the cases. Information was sworn out by Neil Neilson, of the stock firm of Neilson & McMillan.

It appeared by the evidence that these gentlemen did not know within a few dozen just how many cattle they had and as to telling how many of each different kind they were at sea.

Accused showed that while they admitted killing one of Neilson's grazing land, the cattle killed were not the property of Messrs. Neilson & McMillan, but their own. The Judge therefore believed their story, and they were each honorably acquitted.

The informant was represented by W. S. Gray, of the firm of Muelock & Gray, of Calgary. The three accused were defended by L. H. Putnam, barrister, Blairmore.

At Pincher Creek last week the police arrested three poor individuals found rearing in an unoccupied shack. The combined wealth of the trio amounted to \$28.45. Of this the authorities appropriated \$20.00. The men had a few dollars and were seeking employment. They did not want to part with their only coin as a boarding or lodging house until a means of livelihood was in sight. Is poverty a crime?

### Sunday Baseball

### Established Legal

OTTAWA, Aug. 9.—The remaining charges against the Ottawa baseball club, viz., of employing men to play Sunday baseball, and of conducting a ball game on the Sabbath, contrary to the Dominion Lord's Day Act, were dismissed in the Hull Police Court. Magistrate Corbett, who had thrown out three other cases last week, declared that the defence had proved to his satisfaction that they had failed to prove that there had been a custom in Quebec for many years. He ruled that the provincial act, sanctioning Sunday baseball, was valid; also referring to the fact that no attempt had been made to stop Sunday golf or tennis.

In addition, he said, the prosecution had failed to prove that the Ottawa club had conducted the game in question for anything other than a public amusement, with no evidence to show that there had been a financial gain. No appeals were entered. Sunday baseball will thus be continued.

From the Trenches

I suppose we're a lot of heathens. Don't live on the angel plan. But we're sticking it here in the trenches. And doing the best we can.

While pondering over in Canada. Who have about kingdom come, and I posed with our ally.

And we want to sleep our rain. Water, they say, would be better. Water? (Great Scott!) on here?

We're up on our knees in water. Do they think we're standing in beer? Oh! it comes all right from a pipit.

Where you sit in a cushioned pew. But try four days in the trenches. And see how water would do.

They haven't the heart to say "Thank you."

For fighting in their behalf. Perhaps they object to our smoking. Perhaps it's a fault if we laugh!

—G. DREWETT.

## Parody on 23rd Psalm

The Ford is an auto; I shall not want another.

It makes me lie down beneath it; it soothes my soul.

It leads me into the paths of ridicule for its name's sake.

Yet, though I ride through the valleys, I am bowed by the hills.

For I fear much evil; thy rods and thy engine discomfort me.

I repair blow-outs in the presence of minor enemies.

Surely if this follows me all the days of my life I shall dwell in the bug-house forever.

—Burns.

## REMARKABLE CURE OF DYSENTERY

I was unable to do anything and my weight dropped from 145 to 125 pounds. I suffered for about two months when I was advised to use Chamberlain's Colic, Cholera and Diarrhoea Remedy. William Mauser, who operates  
a jitney has between Coleman and  
Coleman was brought before Jus-  
tice J. J. Galt on Saturday on the  
charge of running his car without  
having a provincial license.  
Mauser produced copy of a com-  
munication which had been sent  
to the provincial secretary apply-  
ing for the necessary application  
form which could not be procured  
heavily. This letter had also been  
preceded a month or so by a simi-  
lar request, but the necessary docu-  
ment never arrived. A fine of  
\$2.00, including costs, was im-  
posed on Mauser, who paid the  
amount and has since been per-  
mitted to operate his car without a  
license. What sort of business is

It was Rev. W. T. Young, of

Up to date Canadians have made  
private donations of 1600 machine  
guns for the use of our volunteer  
battalions. The amount of money  
represented by these patriotic con-  
tributions is \$1,600,000. The  
record is a splendid one, but the  
list is not yet closed by any  
means. The little town of Frank,  
with a population of not more than  
400 people, donated a machine  
gun. If every four hundred of  
Canada's population contributed a  
gun about 18,200 guns instead of  
1600 would be placed at the dis-  
posal of our volunteers—practi-  
cally a gun for every two men in  
active service.
